

Project Experience

Project information – General Structures Plant facility Food Industry

Location: South Africa
Project: Refurbishment plant facilities
Owner: McCain Foods

Surface Preparation

St 3, Sa 2.5

Coatings System

MCU-MIOZINC
MCU-ALUPRIME
MCU-ALUPRIME

McCain Foods has chosen MCU-Coatings for its fast and easy application.

Different substrates as steel and old coatings needed to be overcoated and this could be done with the same primer. Also the tolerance for the high Relative Humidity made MCU-Coatings the right choice
